

Catching Cats

IMBY

Plenary Session: 3.20, Tuesday 28th June

How do you find the people who can set up Social Firms?

What do they look like?

What happens when you appoint them, or do they appoint themselves?

Can you tame them? Would you want to?

What support can you give them?

How do you get the best out of them?

Mark Powell, Chief Executive of IMBY, will explore with you the progress he has made in finding an animal crucial to Social Firm development.
